# NOVEMBER NEWSLETTER

---

The month started with Pastor Tommy Roberts and a team returning to the Bahamas to continue disaster relief and worked on Jennie Abury's home. Global Fire Advance hosted two Church Planting Trainings this past month: one at North Cleveland Church of God and one at RIO Advance. Approximately 50 people showed up between the two trainings. We are excited about the people that God is raising up to help us fulfill our mission, Matthew 24:14. Also, this month, we sent a team to Bangladesh and Myanmar to train pastors and visit orphanages. In Bangladesh, a country that is 90 percent Muslim, we have seen about 96 new churches planted in the last six months. In Myanmar, a country in a huge humanitarian crisis and civil war for over 60 years, we are training pastors to spread the gospel. We have no choice but to go and spread the gospel in countries like these. During this season, we think of all that we are thankful for. We at RIO Missions are grateful for all those that help us by going, giving, and praying. "Thank you" for supporting us! Please continue to help us by sending donations to RIO Missions, P.O. Box 887, Alcoa, TN 37701.
